Asian Athletics President's Message

On the occasion of the 6th Asian U18 Athletics Championships in Dammam, Saudi Arabia, I am delighted to share a few words in this statistics handbook, which captures the remarkable achievements of young athletes from across Asia.

This publication serves as a tribute to their dedication, resilience, and pursuit of excellence, while also preserving the rich history of our U18 Championships.

I extend my sincere gratitude to the Organising Committee of 6th Asian U18 Athletics Championships for their unwavering commitment and meticulous planning in hosting this prestigious event. Their efforts have ensured a world-class platform for our young athletes to showcase their talents and set new benchmarks. I also commend the Saudi Arabian Athletics Federation for their instrumental role in bringing this championship to life, reflecting their passion for the sport and its development in the region.

I also wish to acknowledge the invaluable contributions of the officials and volunteers whose dedication and professionalism make this championship possible. Their hard work behind the scenes ensures the smooth execution of every competition, enabling athletes to perform at their best.

A special thank you to the media for their continuous support in promoting Asian athletics. Through their coverage, the inspiring stories of our young athletes reach audiences across the globe, further strengthening the sport's growth and popularity. Their role in documenting history, sharing the excitement, and inspiring future generations is truly commendable.

As we celebrate the achievements recorded in this book, I look forward to witnessing new records being set in Dammam. May this championship inspire the next generation of athletes to dream big, push the limits of their potential, and contribute to the bright future of Asian athletics.

Gen. Dahlan Al Hamad
President, Asian Athletics

Welcome to Saudi Arabia

The **Saudi Arabian Athletics Federation (SAAF)** is entrusted with hosting the 6th Asian U18 Athletics Championships in Saudi Arabia this April. It is with great pleasure to extend a warm welcome to all participants and spectators of the **6th Asian U18 Athletics Championships**, which will take place at the **Prince Nayef Sports City Stadium** in Dammam, Saudi Arabia.

This prestigious event marks an important milestone in the development of athletics in the region, and we are excited to host young athletes from across Asia, highlighting the incredible talent, passion, and commitment that drives the future of our sport. The Asian U18 Championships provide a unique platform for young athletes to demonstrate their skills and set new records, while forging lasting connections and friendships that will inspire them throughout their careers.

We are committed to ensuring that the event runs smoothly and that every athlete has the opportunity to compete in the best possible conditions. Our team is dedicated to making this championship a truly memorable and successful experience for all.

I am confident that everyone who is involved or coming to witness the four days of a sporting fiesta in the Stadium will return with fond memories and great satisfaction.

I hope that this Statistics Handbook, which chronicled the achievements of our athletes from the past, will satiate the needs of everyone concerned.

With this few words, I welcome you all to have a pleasant stay and enjoyment during your stay in Saudi Arabia.

Wish all athletes the very best of luck in their endeavours.

Warm regards,

Ali Ibrahim ALSHAIKHI
President
Saudi Arabian Athletics Federation

Editor's Note & Acknowledgments

This Statistics Handbook is a work hugely inspired by various Statistical compendiums published by *World Athletics* and excellently edited by my long-time friend **Mark Butler** for the past several years.

Youth athletics is not a new concept as young athletes aged 16 and below have taken part in various competitions throughout the World for the past several decades. In Asia, athletes from Japan and Korea started training for athletics at very young ages. Age-group competitions for athletes under 14, 16 and 18 years are very popular in the Indian sub-continent and Sri Lanka since the 1950s. The People's Republic of China also started grooming children in sports from a young age.

The IAAF World Youth Championships in Athletics was first held in 1999 in Bydgoszcz, Poland. Ten editions of the championships were held until 2017 when the Kenyan capital Nairobi hosted the 10th edition. Thereafter, World Athletics decided to leave it to the area associations to nurture the youth competitions at the area and regional levels.

The first Asian Youth (U18) athletics championships was held in Doha, Qatar, in 2015. Subsequent editions have been held in Bangkok (2017), Hong Kong (2019), Al-Kuwait (2022) and Tashkent (2023).

Athletes from 39 member federations of Asia took part in 2015 in 40 events contested then, wherein athletes from 27 countries shared the medals. The number of participating countries was equal in the second edition in which 21 teams won medals. As many as 19 countries won medals in 2019 while the fourth edition in Kuwait 2022 witnessed the participation of only 30 teams in the first-ever post-COVID championships on the continent. Some of the major sporting powers like China and Japan abstained. India cashed in the opportunity by taking the top spot in the medals table by winning 6 gold, 11 silver and 7 bronze medals in that edition. The People's Republic of China was back in action and once again triumphed with 15 gold, 7 silver and 2 bronze medals in Tashkent-2023, where athletes from 18 teams secured medals.

Dammam, the sports city in the Kingdom of Saudi Arabia, is organising the sixth edition of the championships from April 15th to 18th this year. Saudi Arabia is one of the 20 teams that took part in all five editions of the Asian U18 Athletics Championships held to date. Saudi athletes have won a total of nine medals, including one gold and one silver, from the past editions of the championships.

In this Statistics Handbook, you may find a List of Past Medallists, Best National Placings per event, National U18 Records, Progression of Asian Youth Records, Asian All-Time U18 Top Lists and an Index of Countries that took part in the previous editions of the championships with country-wise medal tally and best performers' chart.

List of Past Medallists:

In this section, you may find the list of all medallists in all events conducted during the past five editions of the championships. The Indian javelin thrower Rohit Yadav, who originally won a silver medal in the 2017 edition in Bangkok was since disqualified due to doping violations. The result was since adjusted by upgrading the next two placed athletes to the medals lists. The "▲" indicates such changes in the respective year of competition for the concerned event.

Best National Placings:

This section gives information about the best order of finish (in finals or qualifying rounds, as the case may be) for each nation in each event. Here again, the "▲" symbol shows the change/upgrade in the order of finish following the disqualification an athlete concerned.

National U18 Records:

The best-known performance per event per nation is included if a country does not have its own national U18 records. However, wherever a country is having such records but does not recognise a particular performance the same is mentioned with a “*” after the country code for the respective event. Additional notes can be found at the bottom of each event where a superior mark is not recognised by the respective national federation for various reasons. In any track event “+” shows an intermediate mark en route to a longer distance. Manual (hand) timings in track events are indicated with “m” after such performance. The Central Asian republics (KAZ, KGZ, TJK, TKM, UZB) recognised their athletes’ performances registered in the Soviet Era (i.e., before joining the Asian Athletics). Many such marks were superior to the listed Asian U18 Records. However, those marks are considered only in this section as per the interest of the respective members.

Progression of Asian Youth Records:

In this section, we have listed the evolution of best Asian U18 marks from 1999 onwards. However, in some strong events, we have included the records created prior to that year. With variations in the weight of the implements used in throwing events and the height of the hurdles in recent years, we have mentioned the details in respective events.

Asian All-Time U18 Top Lists:

You may find in this section the Top-20 Performers (athletes) in each event. Wherever the majority of the list is dominated by athletes from China and Japan, additional top athletes from other countries are included in the respective events keeping in mind at least athletes from a minimum of five countries and territories appeared in it. My friend and ATFS member **Felix Capilla** dedicated his valuable time to compile the evolution of the Asian U18 Records and the All-Time Lists.

Country Index:

This section shows a list of countries that participated in the past five editions of the Asian U18 Championships in alphabetic order with their year(s) of participation. A separate medal table for each country in each edition is also included. For countries which did not win any medals so far, the best performer in each division is enclosed for ready reference. Wherever relevant, the country-wise medal tally was also adjusted after the doping disqualifications occurred in the past.

Acknowledgements:

I principally acknowledge the support received from **Heinrich Hubbeling**, the Asian AA Statistician, who for the past 37 years compiled the annual and all-time Asian Ranking Lists. A great deal of information was provided by Mirko Jalava (*Tilastopaja*), Michel Saint-Raymond (*AthleRecords*), Sevket F. Erbay (*Athletics Podium*), Peter Matthews (*Athletics International*), Winfried Kramer (*National Records for All Countries in the World*), Alfonz Juck (*EME News*), David Monti (*Race Results Weekly*), Marco Buccellato (Atletica), Tony Hunt (World Junior Athletics), Michel Naze and Stephen Sprague.

I also fondly remembered the great work by the late Lionel Peters in collating the junior and youth athletics statistics for so many years, which were still forming a base for anyone working on both U20 and U18 categories.

Mention must be made to **Felix Capilla**, who spent his valuable time putting in his efforts to create the deep Asian All-Time Lists and Progressive Asian Records sections.

Mark Butler, Richard Hymans and Paul Jenés for their inspiration and encouragement from time to time.

I would like to thank Rahul D Pawar for coordinating between various championship organisers of the past and AAA Statistician Heinrich Hubbeling in compiling the edition-wise results service.

Many of my friends associated with the *World Athletics* supported me in my work on various occasions. For that, I would like to thank Ottavio Castellini, Sean Wallace-Jones, Chris Turner, Anna Legnani, Laura Arcoleo, Imre Matrahazi, Carlo de Angeli, Jessica Whittington, Bob Ramsak, Jon Mulkeen and Pierce O'Callaghan.

Association of Track and Field Statisticians, in which I am a member since 1982, for moulding me into who I am today.

Last but not least, to the Asian Athletics, especially to its President Gen. Dahlan Al Hamad and Secretary-General Mr A. Shuggumarran for having permitted me to produce and edit this statistics handbook on their behalf.

I have been producing the Statistics Handbooks for the Asian Athletics since 2023. This is a second such publication for the Asian U18 Athletics championships after Tashkent-2023.

A work of this nature takes a great deal of time and energy, and hence errors are likely to creep in. I shall be highly thankful if you could send any additions, corrections and comments to my email: sportsmurali@gmail.com or sec@asianathletics.com

I am confident that this Statistics Handbook will be useful to the fans, media and officials in following the 6th Asian U18 Athletics Championships.

I take this opportunity to wish all participants, officials and the organisers every success.

Progression of Asian U18 Records

This list shows the evolution of Asian Youth (U18) Records (or Best Performances) from 1993 when the Central Asian Republics (KAZ, KGZ, TJK, TKM, UZB) joined the Asian Athletics Association. However, in some strong events where the records created earlier by athletes from other Asian nations were relevant, the same has been included. Compiled with major inputs from Felix Capilla, Mirko Jalava, Heinrich Hubbeling, Michel Saint-Raymond and members of the Association of Track and Field Statisticians.

U18 Men:

100m:

Asian U18 All-Time Top Lists

This list was principally compiled by my friend **Felix Capilla** (ATFS). The marks in *italics* show the athletes took part in the former Soviet Union (URS) until 1991 and CIS in 1992. Athletes from many Central Asian Republics had their best performances during the *Soviet Era*. However, we leave it to the readers to form their own opinions on how to value such marks. (As of 31 Mar 2025)

NOTES

- *Championships events compiled.*
- *Restricted to Top-20 performers and top-5 countries per event.*
- *Indoor performances are not considered.*
- *Wind assisted performances are not considered.*
- *Hand-timed performances included only for distances of 800m and above.*
- *Performances made with junior/senior hurdles/implements are included if they are better than those made with youth hurdles/implements. These performances are marked with an asterisk *.*
- *Relays: only the best performance for each country (in fact it is almost a list of NRs).*
- *In italics, performances by athletes from former USSR (until 1991) and CIS (1992) Asian Republics, and affiliated to clubs of those republics.*
- *Competition abbrev. for global, area and national champs and games.*

COUNTRY INDEX

This section contains details of the best achievements of the 45 member countries and territories of the Asian Athletics Association that took part in the Asian Youth Athletics Championships at least once.

As many as 20 countries took part in all FIVE editions of the Championships held to date—

Chinese Taipei, Hong Kong China, India, Iran, Jordan, Kazakhstan, Korea, Kyrgyzstan, Malaysia, Maldives, Nepal, Oman, Qatar, Saudi Arabia, Singapore, Sri Lanka, Thailand, Uzbekistan, Vietnam and Yemen.

The following information is given:

Years Entered:

The years in which the country entered the Asian Youth Championships.

Medals:

Tables showing all the medals won by each country year-wise.

Best Placings:

If there are no medallists, the country's best overall placings are listed. In comparisons across the events, we have selected the athlete who finished nearest to first place.

Doping:

The symbol " ^ " next to a year (or performance) indicates the change in medallist/s in that particular year/event wherein the original medallist was stripped off due to doping violations either occurring in the championships or through retrospective effect from a previous occasion. The medals tally was since adjusted accordingly.

AFG / Afghanistan

Years Entered: 2017

Best Placings:

Men Safi Mohd Shir Shot: 2017 – 22nd
(No women athletes entered yet)

BAN / Bangladesh

Years Entered: 2015, 2017, 2019, 2022

Best Placings:

Men Yusuf Nader Aljas DT: 2015 – 8th
Women Ayasha Siddika 100m: 2015 – 7th

BHU / Bhutan

Years Entered: 2015, 2019

Best Placings:

Men Kinley Lhendup 3000m: 2019 – 15th
(No women athletes entered yet)

BRN / Bahrain

Years Entered: 2015, 2022, 2023

Medals:	Gold	Silver	Bronze	Total
2015	3	-	1	4
2022	1	-	-	1
2023	1	-	1	2
Total	5	-	2	7
