FACTS / REMARKS

-the report as above includes complete results from these Continental Championships incl. addit. information such as series for the medallists, date-of-birth (when available out of my database) and records achieved for different categories -

-in addition to this comprehensive report you may check out other details (such as. series for all other competitors) by the complete official Results Book, which is available at the ATHLETICSASIA-website; however, in contrast to the usual standards for information from most major IAAF World & from Continental Championships information about Date-of-Birth for the athletes was not included to the database by the organisers.

So I decided to prepare this report separately within the same format as the Reports from previous Asian Champs -

-athletes from 36 (out of the 45) ASIAN AA Member Federations participated, which was the best participation ever at these Continental Indoor Championships

(see Medal & Placings tally on Page 10 for details; QAT was allowed to enter 3 athletes per event as host country)

-the following number of Records and Asian 2015 Season Best performances were achieved during these Champs (with abbreviations used as in the report above / records, which were improved twice during these Champs, were already considered once in the following list)

- 3 ASIAN Continental Records (AR) – all three in Women events
- 13 Championships Records (CR) - see details on page 11
- 71 National Indoor Records (NR)

Asian Indoor Best 2016 performances were achieved in 16 events (i.e. in all except the following 10 events):
