SAUDI ARABIA

(-courtesy of the competition website -)

due to missing information from the KSA-Federation results from National competitions during this season weren't available (except from one Meeting at Medina / see Report No 3) and other results weren't reported at the WORLD Athletics database, although several of these competitions are included to the WA 2025 Calendar/ following are selected best performances from the National Champs for Men (held during last days) and from some of these earlier competitions for Male athletes as well as information about new records (NR, NJR, NYR) in Women events (although the contents of the Women's records is unconfirmed due to probably missing information about better records)
-at the National Champs some athletes are confirmed as "foreigners in KSA Clubs" (different to earlier info) -
