

ASIAN ATHLETICS 2024 RANKINGS

- compiled by Heinrich Hubbeling, ASIAN AA Statistician -

Contents of the lists:

Asian Continental TOP 30 rankings for each event (except relays); deeper lists only for those events with more than 30 ASIAN athletes within the 2024 World Rankings (with **Red** marks for results within the World TOP 100 rankings) and for few other events with rather good depth of excellent performances

+ additional performers down to lower limits as noted (restricted to 4 athletes per country)

+ additional national records by athletes from other countries.

These lists once again are based upon comprehensive information from most of the Asian AA member federations. However, probably more competitions were held in some Asian countries where the officials have not forwarded these results; so these performances by their best athletes could not be valued neither in these rankings nor in the World Athletics database.

Nevertheless these rankings include numerous performances from various competitions in Asian countries not included into the World Athletics Rankings where only a very restricted number of competitions from around 20 (out of 45) Asian AA Member Federations was listed.

Asian Continental Records and best performances lists (as at 31.12.2024) are attached separately in another file.

Abbreviations used: WR = new World Records; WJR = new World Junior Records; WYB = new World Youth Best; AsR = new Asian Records; AIR = new Asian Indoor Records; AJR = new Asian Junior Records; AYR = new Asian Youth Records; NR = new national records; NIR = new national Indoor records (only if better than outdoors)
